SchFH, SCH, SACH, JCH, GCH, TM, RCH, RN, PT, CGC,
"Pet Detective", Working Ranch Dog

"Sky" at the World Cynosport Games at 11 years old running like a "2 year old" Veteran's World Grand Prix 2nd Place 2005, 4th Place 2004, Finalist 2006, #1 Belgian Sheepdog, USDA 2006 & 2007

"Sky" was the namesake for my ranch. "Skydance Ranch" and my best partner and friend. He was diagnosed just weeks after his last national competition with osteosarcoma. He was the poster child for osteosarcoma, reversing the tumor in his femur and regaining quality of life by using holistic medicine. The Newly forming "Skydance Wellness Center" will be in his memory.

I miss so much Sky's "smile" that could only make me smile or laugh in the worst of times. His smile and This photo got him a movie role in the upcoming film "Case 39." Always eager and willing to work, Sky and I had a many more plans for his UD, VST, CT and herding and to continue our team work searching for lost people and pets. Sky never quit and loved the work. Thank you to Elaine Havens for introducing me to Belgian Sheepdogs, to Sonja Ostrom for breeding Beti, my first BSD and selecting Sky for me, and Laura Hilton for breeding my most special boy. Mostly, thank you "Sky" for your loyalty, your honesty and being my best friend and partner and being "forever in my heart."
